CernVM-FS

EESSI host_injections variant symlink:

- https://www.eessi.io/docs/site_specific_config/host_injections/#the-host_injections-variant-symlink
- `host_injections` symlink points to `/opt/eessi` on the client system
- Can be controlled by setting the `EESSI_HOST_INJECTIONS` variable in your local CVMFS configuration for EESSI
- Tuning or overriding EESSI's MPI library with an ABI compatible host MPI
